EARLY MORNING REPORT.

The Press on General Grant's Dislike—A Rumor that Documents are being Destroyed at Washington by Republicans.
The Iron Cage Policy of Supervisor Davenport—Political.

NEW YORK, Oct. 8.—The interview of General Grant attacking Hancock has caused an excitement here unprecedented during the campaign. The general and partial belief is that Grant has made the mistake of his life, both for himself and his party. That his diatribe will add many thousand votes to Hancock's majority. The New York Herald of this morning, in a leading editorial, says that Grant has made what the whole public, and especially, what his friends will see to be a mistake. It comments particularly upon his revolutionary utterances to the effect that should things begin to go wrong, as he says, northern State legislatures will be convened and compel their representatives in Congress to resign. The Herald points out that Hancock's election would not be a defeat of the north, inasmuch as in 1876 as many northern votes were cast for the Democratic as the Republican candidates, and in 1880 probably more will be. It characterizes General Grant's proposition as wild and unconstitutional, and says that he forgets entirely the fact that we are living under a Constitution and that he assumes for a President powers for which the Constitution gives no warrant.

The New York Truth, also Independent, says that the death of the Republic has been decided upon by the Stalwarts under the leadership of Grant. The Republican party will stop at nothing to keep possession of the Government and that it is rumored that documents are being destroyed at Washington so as to protect delinquencies in case the Republican plan should fail. It also charges that it has been arranged that in case Ohio and Indiana are carried by the Democrats, Grant should replace Garfield as the candidate, with the understanding that if elected he shall have a perpetual lease for life in the White House.

Supervisor Davenport has initiated his iron cage policy for this year. Yesterday the papers of a naturalized citizen were forcibly taken away from him by a United States marshal, and to-day a police officer and another citizen were arrested by Davenport for refusing to surrender their naturalization papers to one of his deputies. A complaint was made against Davenport, but Police Justice Patterson, an especial friend of Governor Cornell, refused to issue a warrant on the ground that a judge in this city could not interfere against a United States marshal.

The speech of John Kelly, made last night at Tammany hall, advising naturalized citizens not to surrender their naturalization papers to Davenport, was made after careful legal advice, and meets with universal approbation.

General Sickles has written a strong letter in favor of the election of Hancock, and the conversions of prominent Republicans are very numerous. Among the most recent are General William F. Quinby, who graduated at West Point in the same class with Grant and Robert C. Winthrop, of Boston.

Brancroft, the venerable historian, has declared his belief that Hancock's election is certain, and that the Democrats will carry Indiana.

Two Persons Killed and Several Injured by a Railroad Accident.

Boston, Oct. 8.—The through western train for Boston Tunnel, express, on the Fitchburg road, met with an accident at Littleton, by which two persons were killed and several injured. The train was twenty minutes late, and was rounding a curve near Littleton station when the accident occurred. The engine, baggage, smoking and parlor car passed the station, when, by some unknown cause, the two rear cars were detached and came into collision with a freight car standing on a side track. Enos Varney, of Charleston, master car builder of the road, had his head terribly crushed, and was instantly killed; Mr. Falconer, of Ayer Junction, was also terribly crushed and died in a few moments. Most of the injured were brought to this city, and will nearly all recover. Dexter T. Tompkins, of Charleston, with his wife and mother-in-law, were among those who were very seriously injured—they could not be removed from Littleton. Isaac Sargent, a brakeman, had his hand sprained and several cuts on the body; T. K. Beecher, assistant roadmaster, sustained a severe scalp wound and was cut in the shoulder; H. W. Ball, of Waverly, Mass., injuries slight; Mrs. Alber Cox, of Charleston, sustained painful injuries about the back. Several others were slightly injured, but were able to reach their destinations, upon the arrival of the train, without assistance. Their names could not be ascertained, as they left the depot immediately. There were about forty passengers, many of whom were returning from the Unitarian Convention at Saratoga.

Episcopalian Convention.

NEW YORK, Oct. 8.—Both houses of the Protestant Episcopal General Convention held a joint session this morning as a board of missions. Bishop Smith, of Kentucky, presiding, and making a brief address. Rev. Dr. Henry C. Potter, Secretary of the House of Bishops read a report of the board of managers of the domestic and foreign missionary society. Total income for missions from 1874 to 1877 was \$932,897; while from 1877 to September last it reached \$48,958. The domestic commission, since the last general convention, have fallen short in their returns of the standard attained in the triennium previous of \$120,004. The foreign, on the contrary, advanced \$143,000 beyond any earlier figures. The board thankfully acknowledges the efficiency of the Mexican league and the assistance of Mexican auxiliaries. The latter of these agencies have contributed, in money, \$106,524, besides books, clothing and hospital stores valued at \$200,000.

Pistols and Death for Two.

MEMPHIS, Tenn., Oct. 8.—Last Wednesday at Concordia, Bolivar county, Miss., a difficulty occurred between B. F. Owen, a justice of the peace, and J. W. Glover, a farmer. Owen was holding his court and Glover made a disturbance and was ordered under arrest by Owen. Pistols were at once drawn by both and firing commenced by each. Owen fell dead. Glover ran about three hundred yards and fell. He died after lingering 8 hours. Both were young men of good standing.

A Brilliant Affair.

Arlon Hall was brilliantly illuminated last evening, it being the occasion of the grand ball under the auspices of Wayne Lodge No. 25, F. and A. M.

The upper stories of the building were filled with crowds of pleasure seekers, and the happy, smiling faces of the ladies, and the exquisite beauty of many of the toilets worn went far towards producing a most gorgeous spectacle. The reception committee was composed of the following gentlemen: G. W. Dong, Geo. H. Wilson and Sid. Lumbard, who performed their duties in a most satisfactory and pleasing manner. The floor management was conducted by Messrs. Hutchinson, Keegan, Weil, Long and Loues very creditably. A carefully selected programme, consisting of twenty numbers, was admirably carried out.

Supper was served at precisely 11 o'clock, on the ground floor of the new Sidel building, on Calhoun street, and was really a credit to those having the matter in charge. There was a substantial air about the delicacies which weighed down the table, and the gay dancers, it is needless to say, did it entire justice. On the fourth floor of the building was placed a piano, around which clustered a gay group of those musically inclined. Altogether the affair was one of the finest and most enjoyable ever held in this city, and great credit is due to the managers for the masterly manner in which they carried out their plans. The lodge rooms will be appropriately dedicated on the 12th.

The funeral of Bridget Bleo took place yesterday.

The price of seats for Joe Murphy's "Kerry Gow" has been reduced.

An Outrage in Scipio Township.

Special correspondence of the SENTINEL.

SCIPIO TOWNSHIP, Oct. 7, 1880.

Ed. SENTINEL:—It is with regret that I have to chronicle a dastardly act. On Saturday, the 26th day of September, Mr. A. V. Shull, assisted by his brothers, erected a fine hickory pole nearly one hundred feet high surmounted by an American flag and underneath which was a few streamers of red, white and blue, on which was painted the names of the Democratic candidates for President and Vice President. It was the first pole raised in the township with their names at its head, and the fact that it was raised at those prominent corners, "Shull's Corners," on their own land, caused some of the would-be leaders in the Republican party some jealousy, and they determined to have the obnoxious pole down. So on the morning of Oct. 2d, they dug about the pole causing it to fall across the fence, doing considerable damage, besides stealing and destroying the banners. This act of vandalism was committed in the Republican township of Scipio that has always boasted of its peaceful and law-abiding citizens. The names of the parties committing the trespass are known to the writer. Republicans must be hard pushed when they employ such men as Sorrin and others quite as notorious, to commit such acts to advance their cause. Another pole has been erected by the Shulls and their neighbors and is well watched, and Haffrey may have a call to hold an inquest should an attempt be made to repeat the outrage. F. V. V. S.

The Source of the Country's Prosperity.

CHICAGO, Oct. 4.—The increased receipts of grain at Duluth are attracting considerable attention. During September there were received over the Northern Pacific at that port of No. 1 hard wheat 421,000 bushels; of No. 1, 63,000; of No. 2, 242,000; rejected, 9,000; total, 735,000. It is especially noticeable that over 57 per cent. of this grain is of the highest grade, an unusual showing in such statistics.

NEW YORK, Oct. 4.—The past month was one of great activity in the shipment of grain to Europe, the total exceeding 12,000,000 bushels. Over 300 vessels were required to carry it. The exports of corn and wheat from this port last week exceeded 3,000,000 bushels, a gain of 800,000 bushels over the previous week.

It is from God's footstool, and not from the mouths of politicians of any party, or placemen of any stripe, that the prosperity of the country comes. The constant growth and export of our productions, and the constant flow of the precious metals in exchange and return, are what give us wealth and strength; and all we require for their full enjoyment is a peaceful and united country—such a country as we will have under Hancock's administration.

In the city of Cincinnati there is great indignation among the business men at the attitude of the Republican press and the Republican speakers toward the South, and in self-defense many of them have openly signed a protest against such vicious partizan-ship. Many of the signers are prominent Republicans, whose interests have suffered and whose patriotism has been misrepresented by the Republican organs. In Cincinnati the names of such prominent business men as Chas. Jacob, Jr., & Co., George Fox Starch Manufacturing Co., Robert Morris & Co., Marsh, Harrod & Co., Thomas Graff, J. & E. Greewald, and many others of high character, are appended to the protest to which we refer.

THE Republican party is the Know nothing party, and proscribes foreigners who desire homes in this country, whom they denounce as the "offscourings of Europe."

THE Democratic party is the party that protects labor; is the friend of the workman, and extends the hand of fellowship to all the oppressed from foreign countries, who seek homes and freedom in the United States.

It is rumored in Republican circles that if they fail to carry Indiana at the election on Tuesday next, Garfield will be compelled to resign, and Grant will be substituted for the Republican candidate for the Presidency.

THE Gazette claims that "Judge Taylor is a great man, and not a politician." In what does the Judge's greatness consist? It is, said some men are born great, others have greatness thrust upon them.

LOOK OUT FOR ALL SORTS OF FRAUD BY

Republicans on the day of election.

They swear that the "offscourings of Europe," as they call our foreign born citizens, shall not vote, unless they vote the Republican ticket.

Is there one foreign born citizen here who is so devoid of manhood and self respect as to vote for Republicans, who continually stigmatize those citizens as the "offscourings of Europe?"

A CARD.

A Most Elegant Line of Fine Furniture,

For Sale at Retail, at Strictly Wholesale Prices.

A Rare Opportunity Which House-keepers Will Not be Slow to Embrace.

A year and a half since Foster Brothers conceived the idea of adding a complete line of Furniture to their immense Dry Goods Store, using for this purpose the second and third stories of their mammoth establishment. They saw they could do this without increasing their business expenses a single cent, as the clerks that sold their dry goods could also sell their furniture, thus enabling them to retail at strictly wholesale prices. At the store they resolved:

First. To handle a finer line of goods than had ever before been shown by Fort Wayne houses.

Second. To purchase only of such manufacturers as have a well established reputation for turning out only the best made goods.

Third. To warrant every article sold to be exactly as represented, and not to fail in use because of any fault in its manufacture.

Fourth. To sell all kinds of furniture at not over one-half the profits charged by other houses.

Fifth. To have but one price and that the lowest possible cent at which they would be willing to sell an article, rather than have their customer go out of their doors without it.

They have adhered unflinchingly to these five rules, and the result has been their furniture sales for the first year exceeded the combine sales of any two other Fort Wayne houses.

At present they are exhibiting a nicer line than ever of Parlor, Library, Dining Room and Kitchen furniture of every description, and a most complete line of mattresses and spring beds, and invite you to make all your purchases in that line at their establishment. Goods shipped free of freight charges to all surrounding towns.

The epizootic has made its appearance in this city.

The Reformed Men will hold a meeting to-night. Business will be generally suspended next Tuesday.

Burt, the Burlager robber, will have a new trial shortly. The council will meet next Tuesday evening and adjourn.

The supervisors of election will be sworn in on Monday. If your taxes are unpaid now the penalty will be affixed.

A large delegation left the city this morning for Indianapolis. J. D. Layng and C. E. Gorham left for the East last night.

Repairs on the Calhoun street pavement are nearly completed. The doctors are complaining of the healthy condition of the city.

The cat and an exoduster were the only occupants of the calaboose last night. Justice Pratt says that the strain on criminal business is simply terrible just at present.

The wedding of Sim. Budenstein and Miss Maggie Ruthafush will occur next month. Charlie Freese's East Main street supplement is giving him a great deal of cheap notoriety.

According to the local papers, Mr. Robert Ogden, of this city, has been visiting Huntington. Allan H. Dougall, Esq., of this city, has been at Angola, if the Steuben Republican is to be believed.

Kelly, the section hand who was injured in the Wabash yards the day before yesterday, is able to be up. Rev. W. N. Webbe, rector of Trinity church, of this city, will preach in the Angola Congregational church this evening.

The Democrats of Fort Wayne and Allen county desire a fair election and an honest count. They want nothing more, and will be satisfied with nothing less.

A couple looking frightfully suspicious of marital intentions were seen coming down Court street this morning, but up to the hour of going to press they have not been hitched.

Never have a body of young men been more enthusiastically received or royally welcomed than were the Hancock First Voters club at LaGrange yesterday.

Hon. G. W. Baldwin attended the grand Democratic rally at Fort Wayne last week, and while in the city was the guest of Judge Borden. He was pleased with the meeting and enjoyed the visit very much.—Angola Herald.

Dromio, of the poor old Gazette, the traducer of the wives and daughters of farmers, has not gained an enviable reputation for himself or the paper for which he chatters. It won't do to libel and malign our best citizens.

The canvas excursion cars of the G. R. & I. have been taken to winter quarters. The idea of going on an excursion in a canvas covered car, with the thermometer at about 20 degrees below zero is not relished by the average citizen.

Mason Long and wife, of Fort Wayne, have been in this county for several days during the past week working in the cause of temperance. Wherever Mr. Long has been he has had crowded houses, and his speeches have been well received.—Huntington Herald.

Hugh Diehl, the efficient city marshal of Fort Wayne, has declared for Hancock and English and the entire Democratic ticket. Dr. D. has heretofore been a Republican, and this course is regarded of great advantage to the Democracy.—Huntington Democrat.

The Receiver of the Muncie Home Again. Mr. E. Smith, the Receiver of the Muncie railroad, returned home yesterday from an extended trip through the Southern portion of the State. In conversation with a National Bank cashier Mr. Smith stated that nearly every man he met was shouting lustily for Hancock, and taking this as an index he predicts the election of the gallant Democratic candidate by a large majority.

Our Boys at LaGrange. At 3:05 yesterday afternoon the

boarded the G. R. & I. passenger train for LaGrange. Extra coaches were provided for the boys, and the trip was heartily enjoyed by all. The club was received at the above place by a large crowd and escorted to its headquarters. A number of ladies on horseback lent honor to the occasion by their presence.

In the evening a torchlight procession nearly a mile in length was formed, the Fort Wayne boys being given the position of honor.

After the procession a most excellent supper was served, which was done ample justice by the boys. Shortly after 11 o'clock the club marched to the depot, and was soon being whirled away towards home.

They reached the city a little before 1 o'clock, tired and dusty, but withal well pleased.

Blustering Burke. The Gazette says that there is a great desire on the part of our citizens to hear "Col." Burke discuss the situation.

This is the height of sarcasm in one sense and a most inferior quality of "taffy" in another. The fact is, no one wants to hear "Col." Burke. During every Presidential campaign nonentities like Burke make their appearance and seek to ingratiate themselves into the good graces of the public by sleek dodges and cunning intrigues.

It must be very humiliating to the "Colonel" to see himself slighted by the Republicans, whose cause he is laboring to sustain. He has been sent here to do dirty work, and there is more than one workingman in this city who could "a tale unfold" about the "Colonel" and his transactions.

Humpty Dumpty. There was a good attendance at the Grand Opera House last evening to witness the play of "Humpty Dumpty," notwithstanding the fact that but a very short time had elapsed since the play was produced in this city.

But few can witness "Humpty Dumpty" without being convulsed with laughter, and on the whole its rendition last evening was favorably received by the intelligent audience present. This variety portion of the programme was very good.

Two Little Items from the Columbus City Post. Judge Taylor is getting polite. He sends out cards for guests at his political meetings.

Robert C. Bell, Democratic candidate for Senator, shouldered his musket and helped fight the battle of the Union. Where, oh, where, was Mr. Edwards then?

Joe Murphy was billed to day. The contract for lighting the city will be awarded to-night.

More improvements are to be made upon the Avelline house. Four trains each way will be run on the Wabash after the 11th.

The till tappers have suspended operations until after the election. The jury for the November term of the circuit court has been drawn.

The Hancock First Voters will escort Hon. John P. Irish to-morrow night. The First Voters will march in a body to all the voting places on Tuesday.

Applicants for licenses to teach the young idea how to shoot, will be examined to-morrow. The Gazette man says that he shouldn't be held responsible for calling the wives and daughters of Democrats "hired girls," as he is very sorry for it. The insult will neither be forgotten nor condoned.

To-morrow will be market day again, and the Gazette man should visit Barr street. He will see more wagon loads of the people he insulted. The country folk will not forget the insult that was heaped upon them.

The husbands, and the brothers, and the fathers, and the lovers of the "hired girls" will be on hand in force next Tuesday at the election polls, and in tones of thunder will rebuke the Gazette man for the insult offered them.

A good deal of excitement was created on East Jefferson street last night by a young man, whose name is withheld for his parents' sake, who attempted to clean out the entire household. He would have been arrested had not several parties interceded for him and finally quieted him down.
